Important note regarding 852: 852's (Point of Sales) data can only be sent via Inovis VAN, no interconnection will be allowed for trading partners wanting to receive 852's. If your company wants to receive 852's from Belk, please go to www.inovis.com/belk fill out form, hit submit and an Inovis representative will contact your company. After getting a mailbox on Inovis, contact Belk and provide us with your Inovis sender/receiver ID. We will confirm with Inovis that sender/receiver ID is valid and is associated with an Inovis mailbox before setup is completed on our end.

➤ Belk implemented Floor Ready expense offsets. Refer to the Belk Vendor Guide from the Logistics Area. For further information please contact our Transportation team at transportation_services@belk.com
